新興資産運用業者(EM)の育成は、多様なプレーヤーによる魅力的な金融商品の提供や、資産運用業の活性化に不可欠です。しかし、日本には諸外国の国際金融センターと比べ資産運用業者が少ないことに加え、欧米やシンガポールなどで見られるような、機関投資家等が新興資産運用業者に対して資金を預け、育成につなげていく環境が十分に整っていません。

こうした状況を踏まえ、東京都では、日本における新興資産運用業者育成プログラム(EMP)導入を促進するため、国内機関投資家等を対象として、EMPの制度内容や各国での成功事例等を紹介し、認知度向上を図るセミナーを開催いたします。

The cultivation of emerging managers is essential to provide attractive financial products and services by various players and revitalize the asset management business. Japan, however, has a fewer number of asset managers compared to the global financial centers of other countries. It also lacks a sufficient environment, such as that noted in western countries and Singapore, for institutional investors and others to have emerging managers handle their funds in order to cultivate managers. In light of these circumstances, the Tokyo Metropolitan Government (TMG) will host a seminar to enhance awareness of the Emerging Managers Program (EMP) by introducing the EMP and best practices in other countries, in order to encourage domestic institutional investors to adopt EMP.
