

**SusHi Tech Challenge 2025 was a huge success. Congratulations to the winner, 3D Architech! All 20 teams presented outstanding products or services.**

**Over the last two days of the meetups, have you all found new partners or insights for accelerating your business?**

**These sessions have also generated great momentum. Action is what we need. Let SusHi Tech be your launchpad to greater achievement and success.**

**Get ready for an extraordinary Public Day tomorrow. Experience live communication with Captain Onishi who is currently aboard the International Space Station. Share your support for talented innovators at the SusHi Tech Teen Challenge for junior and high school students. Join**

**us in the excitement of a remarkable event!**

**Promoting startups requires a collective nationwide effort. Kicking off with Sushi Tech 2025, and upcoming startup events in Osaka in September, Fukuoka in October, and Aichi early next year. SusHi Tech Tokyo will be returning here at the Tokyo Big Sight from April 27 to 29, 2026.**

**Together, let's create a sustainable, High City Tech. Thank you very much.**
